

## Man Down Repeater

FOR USE WITH MAN DOWN TRANSMITTERS, TO INCREASE THE RANGE AND COVERAGE OF THE SYSTEM

- Used in conjunction with Man Down Alert, J38A
- 70 m range depending on topography
- Up to 16 per system can be used
- Mains powered with battery backup

When used in conjunction with the Man Down Alert, J38A, this Repeater will allow a greater range of coverage to an existing Man Down System.

The battery backup ensures that in the case of power failure, the system will still maintain its status.

Man Down Repeater  
Ref: MDH10010

All the equipment conforms to the UK licensing requirements & CE regulations.

Licence Exempt.
