

4 Channel Monitoring Station for Man Down Transmitter

FOR USE WITH MAN DOWN TRANSMITTERS, FOR MONITORING BY A MANNED RECEPTION AREA OR OFFICE

- Used in conjunction with Man Down Alert, J38A
- 70 m range depending on topography
- 4 monitored channels
- Sounder and LED indication on alarm panel
- Mains powered with battery backup

When used in conjunction with the Man Down Alert, J38A, this central monitoring station will alert the person manning the station that there is an emergency situation.

The audible sounder will sound, alerting attention.

One of 4 LEDs will light up, corresponding to 1 of 4 man down alerts used.

4 Channel Monitoring Station
